YOUR GARDEN CARE SERVICE

**I've Got Time Gardening
Services – taking the hard
work out of being able to
enjoy your garden.**

I've Got Time – your garden care service

We all know that making a good first impression is important, and when it comes to property, that impression starts the moment you step onto the grounds. A beautifully maintained garden should frame your home, complementing it perfectly and creating exactly the right impression. But even more importantly, it should be an extension of the peaceful sanctuary that is your home.

Of course, dealing with all of the ongoing maintenance of your garden can be far from peaceful – and wouldn't you prefer to be able to spend your relaxation time enjoying your garden, rather than working on it?

I've Got Time Gardening Services is a team of horticultural specialists, with extensive experience in the local environment, who have spent the last ten years caring for the formal gardens and surrounding grounds of some of Sydney's finest homes. Led by former Assistant Superintendent of Royal Sydney Golf Course, our gardeners are highly knowledgeable professionals who excel in soft landscaping and total garden maintenance, and have been trained to I've Got Time's rigorous service standards.

There really is nothing better than living in a beautiful environment and having the freedom to enjoy it. I've Got Time Gardening Services will give you that freedom, and because one team will be dedicated to caring for your property, you can be confident that your grounds will be immaculately maintained, right down to the smallest detail, by people who know your garden just as well as you do.

I've Got Time Gardening Services can also implement garden care maintenance plans to ensure that the grounds of your investment properties are maintained to the highest standard, taking the pressure off your tenants and giving you the peace of mind of knowing that all of your valuable investments will be protected.

I've Got Time Gardening Service is part of the I've Got Time Group – Australia's largest and most established executive concierge service.

Bevan Pulley

Have you ever looked at the perfectly manicured grass on a golf course green and wondered exactly how it's done? Bevan did – and then he spent 11 years finding out. After earning a Graduate Diploma in Turf Science and a Masters in Agriculture and Turf Science, Bevan became Assistant Superintendent of Royal Sydney Golf Course, and has also been responsible for preparing playing surfaces for the Australian Open, Davis Cup, New Zealand Open and Australian Croquet Championships. In fact, it's safe to say that Bevan is one of the few people in the country who knows what it takes to maintain the grounds of your property to an international standard.
